Flambeau Legacy

A HISTORY DEDICATED TO MOLDING A PASSION FOR THE OUTDOORS

It's about providing quality tools of the trade for the fight at the end of the line. It's about a brand that anglers rely on to live the thrill of catching fish. It's about time well spent in the pursuit of a passion, a lesson learned, a tradition continued, or a memory made on the water, the best ones often with family and friends. It's about seven decades of dedication to innovative products that are...

BUILT TO FISH. BUILT TO LAST™.

As a family owned company from its foundation in 1947, that very philosophy remains the backbone of our brand and serves as the origin story of our logo—shared memories hunting and fishing by the Sauvey family under sunrises over the Flambeau River. Over 80 years later, our company remains devoted to providing quality fishing products that are more than just standalone tackle storage solutions—we provide a legacy as a heritage brand that stands behind its product as the sportsman's and sportswoman's constant partner in the outdoors.

The first to provide anglers with tackle storage solutions infused with the power of Zerust® anti-corrosion technology, we innovate to succeed through meaningful and lasting differentiation. Constantly revisiting the drawing board to engineer the best products possible for today's anglers, we seek improvement and prosper with an attitude of personal accountability. For past generations and generations to come, we are Flambeau Outdoors.

PRESERVE. PERFORM. REPEAT.

(1947) The Halik Frog,
Flambeau's first product.

BUILT TO FISH. BUILT TO LAST.

AND BEST
THE ORIGINAL ANTI-CORROSION TACKLE PROTECTORS

ANTI-RUST PROTECTION

Exclusive providers of Zerust®
infused VCI vapor emission
technology that protects your gear.

WHAT'S YOUR TACKLE WORTH?

Tackle storage solutions worth
their weight in gold, or at least
the tackle in them.

SAFE AND NON-TOXIC FORMULA

Yeah, you can eat your lunch
right out of the box..

Blanketing your tackle with 360-degree rust protection actually isn't all that complicated. Easy for us to say, we pioneered the technology a decade ago, and have been perfecting it ever since. We're proud of our heritage as your partner out on the water; innovating, designing, and solving problems one divider at a time.

BUILT TO FISH. BUILT TO LAST.™

TECHNOLOGY

– EFFORTLESS RUST PREVENTION –

PRESERVE. PERFORM. REPEAT.

Flambeau's **EXCLUSIVE Zerust®** products are the absolute best way to protect your gear from rust and corrosion.

What is Zerust? A VCI polymer technology molded directly into Flambeau plastics that provides years of hassle-free, long-lasting protection.

How does Zerust work? Zerust-infused plastics emit an odorless, harmless vapor in a contained area to naturally form a protective layer around exposed, clean metal surfaces to prevent oxidation-reduction and stop rust and corrosion.

IT'S IN THE PLASTIC

Zerust is molded directly into many Flambeau utility box dividers and products. Look for the Zerust shield logo to see which products contain this exclusive technology.

Zerust® is a registered trademark of Northern Technologies International Corporation (NTIC)

ZERUST® ACCESSORIES

FLAMBEAU ZERUST PLAQUE 6649ZR

Inhibits rust and corrosion for 5 years.

- Foam adhesive to keep in place
- Great for tackle boxes, truck boxes, lockers, safes, drawer cabinets, tool boxes, and other large storage containers

Product size:
3.125 L x 9" H

Packed: 12 per Carton
Carton Size: 8" x 5.5" x 3"
Carton Weight: .6 lbs.

WHAT IS YOUR TACKLE WORTH?

Why spend \$100s of hard-earned dollars on tackle only to have it destroyed by RUST?
Only Flambeau's **EXCLUSIVE Zerust®** can protect your investment.

Zerust®
PROTECTION

WITHOUT
PROTECTION

TEST: Dipped in saltwater. Rinsed with freshwater. Left in the bed of a pickup exposed to the elements for 30 days.

**MINIMUM 5-YEAR
PROTECTION**

**FULLY INFUSED
PRO-GRADE ZERUST®
ANTI-CORROSION
PROTECTION**

THERE'S A REASON WHY THE U.S. MILITARY TURNED TO ZERUST-INFUSED SOLUTIONS TO SAFELY PROTECT ADVANCED WEAPON SYSTEMS stored on the decks of naval ships during transoceanic voyages— uncompromising anti-corrosion protection for the harshest marine environments.

The Zerust® MAX Tuff Tainer® line builds on our legacy as the pioneering force and industry leader in anti-corrosion tackle storage innovation to offer anglers an enhanced level of Zerust VCI vapor technology now impregnated directly into the entirety of each box. The result is unmatched rust prevention performance for years of protection in the most extreme environments.

BUILT TO FISH. BUILT TO LAST.™

– SPOON TRUNK™ –

FULLY-INFUSED WITH ZERUST® TECHNOLOGY

A SHARP HOOK AND SOMETHING SHINY WILL CATCH JUST ABOUT EVERY SPECIES OF FISH.

A bold statement that spoon styled lures have been justifying for generations. Whether your trolling for walleye and pickerel throughout the Midwest and Canada, ledge fishing for bass on Kentucky Lake, or jigging for jack along the coast; corrosion is determined to change those spoons from shiny and sharp to dull and pitted like those long-forgotten lures dangling from your local causeway.

The Zerust® MAX Spoon Trunk's innovative storage insert offers 63 slots sized to securely fit spoons up to 5" in length. The storage insert offers a rigid plastic exterior with a soft foam interior, providing the perfect amount of structure and protection needed to keep spoons secured in place and free from harm of one another when navigating rougher water. The Spoon Trunk, infused with an enhanced level of Zerust® VCI vapor technology, provides effortless rust prevention in extreme marine environments for a minimum of 5 years. **BUILT TO FISH. BUILT TO LAST.**

MINIMUM 5-YEAR ANTI-RUST PROTECTION

EXTREME PERFORMANCE PROTECTION FOR THE HARSHTEST ENVIRONMENTS

WP6060ST ZERUST® MAX WATERPROOF SPOON TRUNK

Pre-Slotted to Hold 63 Spoons Up to 5" in Length

**CAPACITY: 63 SPOONS,
UP TO 5" IN LENGTH**

SECURE ORGANIZATION

Die cut cushion insert features a pre-slotted PVC skin for individually storing 63 spoons up to 5" in length

ZERUST MAX ANTI-CORROSION TECHNOLOGY

Fully-infused with an enhanced level of Zerust® VCI vapor technology that provides effortless rust prevention for spoons and hooks in extreme marine environments for a minimum of 5 years

WATERPROOF DESIGN

Silicone O-ring gasket and three Drawtite latches create a watertight seal to protect spoons and hooks from exposure to water and air moisture

EXTREME ENVIRONMENT

WATERPROOF

BUILT TO FISH. BUILT TO LAST.™

- BLADE KRATE® -

FOR OVER 70 YEARS, BLADED BAITS HAVE GLIDED ABOVE SUBMERGED HYDRILLA, ripped through dense lilly pads, and run adjacent to fallen trees to make them a timeless staple in any angler's tackle boxes. At the top of the list stands the king of blade baits, the spinnerbait, along with the prince of blades, the chatterbait. These classic, versatile lures rightfully deserve a tackle storage solution of equal prestige and versatility. Enter the Blade Krate®, a specialized storage system designed to finally give the angler organization satisfaction for any arsenal of bladed, skirted, and inherently prone to tangle fish favorites.

FEATURING 21 ZERUST-INFUSED ANTI-CORROSION PLASTIC FOLDERS designed to hang 2 lures each via integrated clips, all hooks, skirts, and blades are individually protected and preserved in removable billfold-style clams for tangle-free storage. The Blade Krate® offers organization for 42 bladed lures in a compact footprint spec'd to fit standard tackle bags and boat compartments. The simple, ergonomic filing cabinet design allows for modification to create up to 3 bulk storage compartments when a section of folders is removed for accompanying soft plastic trailers. The purpose-driven functionality of the Blade Krate® conveniently reorganizes the angler's priorities: more time fishing and less time fussing with a tangled mess of hooks, blades, and skirts. The Blade Krate® is...

BUILT TO FISH. BUILT TO LAST.™

EXTREME PERFORMANCE PROTECTION FOR THE HARSHTEST ENVIRONMENTS

WP6025ZM ZERUST® MAX BLADE KRATE®

21 Folders, 3 Compartments

CAPACITY: 42 LURES

SPINNERBAITS · CHATTERBAITS · BLADED LURES

- 21 removable bladed lure folders infused with Zerust® filed in a 3 compartment sliding rail system
- Individually organizes 42 bladed lures with 2 lure clips per folder for unprecedented tangle-free and easy-access storage
- Waterproof silicone gasket and 3 compression cam latches
- Removable folder sections allow customizable bulk storage compartments for soft plastic trailers in original packaging, leader spools, or tools
- Drainage holes in bottom of folders permit moisture runoff for lures put away wet
- Market standard 5000 series dimensional footprint for easy fit inside soft tackle bags and boat compartments
- Fully-infused with an enhanced level of Zerust® VCI vapor technology that provides effortless rust prevention for metal tackle in extreme marine environments for a minimum of 5 years
- Proudly made in the U.S.A.

Product size:

BUILT TO FISH. BUILT TO LAST.™

- CRANK BANK® -

KEEP YOUR VALUABLE HOOKS SHARP AND PAINT FRESH ONE PLUG AT A TIME. The Crank Bank's inventive system of 24 removable cups gives anglers fast access to individually stored and independently protected hard baits. Just pull, pour, and tie.

THE SIMPLE, EFFECTIVE CUP FORMAT ELIMINATES the risk of playing barrel-of-monkeys out on the water or catching a treble hook when fishing for the right plug. The cups are sized to fit and securely store hard lures commonly spec'd for the following diving depth classes: round-bill crankbaits (15 feet or less), square-bills (8 feet or less), and jerkbaits (6 feet or less). The Crank Bank isn't just a vault for precious crankbaits, it's a convenient and versatile storage solution for spooks, poppers, frogs, and other hard sided baits outfitted with multiple hooks ready and willing to tangle. The Crank Bank is **BUILT TO FISH. BUILT TO LAST.™**

Pull. Pour. Tie.

BUILT TO FISH. BUILT TO LAST.™

FLAMBEAU OUTDOORS'S SLIM WATERPROOF TUFF TAINER SERIES features the same 5000/3700 length and width dimensions for prevailing bag and boat compartment compatibility but now with a slimmer belt line (1.7" depth) and 50% more compartments for maximized utilization.

WP5015TT - TERMINAL SLIM WATERPROOF ULTIMATE TUFF TAINER® 14 Removable Cups / 1 Micro Terminal Tackle Storage Locker

THE TERMINAL SLIM WATERPROOF TUFF TAINER packs a boatload of terminal tackle into a "slim" profile. This terminal tackle storage solution is built to burden the heavy load of weights and neatly organize all terminal necessities by type, size, weight, or class. Individual, removable storage cups offer a "fish of the same fin school together" system that allows anglers to conveniently "pluck and pick" desired tackle components. An isolated tackle storage locker with a lid keeps micro terminal tackle like split rings, swivels, O-rings, beads, etc. individually contained. This user friendly design paired with a heavy-duty ribbed construction, 3 Drawrite™ cam-over latches, and Zerust® infused dividers makes the Terminal Slim Waterproof Ultimate Tuff Tainer the ideal storage solution for protecting terminal tackle on and off the water.

Slim Depth

PLUCK AND PICK: 14 interchangeable removable cups allow for quick and easy access on the water

SECURED MICRO STORAGE: Purpose-driven isolated small tackle storage locker with a lid secures micro terminal tackle

SLIM BUILD: Features the standard 5000/3700 length/width dimension with a slimmer belt line of 1.7" depth (vs 2.125" depth)

Hard Tackle Storage Systems

BUILT TO FISH. BUILT TO LAST.™

BUILT TO FISH. BUILT TO LAST.™

PIVOTING FOR THE NEXT GENERATION

FLAMBEAU OUTDOORS HAS RE-ENGINEERED THE DNA of the over 60 year-old trunk style cantilever tackle box. The fresh, improved utility and functionality meets and exceeds the evolved preferences and requirements for the contemporary recreational angler.

The iconic product line now upgraded features a top entrance bulk storage compartment for full access without compromise to tools and gear. Crisp, pivoting swing trays instead of stacked cantilever trays open with single finger operation and eliminate the need to double the footprint and expand out linked trays in order to access one piece of tackle.

PROUDLY MADE IN THE U.S.A. THE NEXTGEN™ TACKLE BOXES ARE BUILT TO FISH. BUILT TO LAST™.

Wild Bite® Adventure Kit

BUILT TO FISH. BUILT TO LAST.™

DIG • FISH • FUN

THE WILD BITE® ADVENTURE KIT gives aspiring anglers the classic fishing adventure from start to finish – the fun of digging for worms, the pride in learning a new skill, and then the thrill of the catch. For the next generation of anglers, the smiles start here. **LET THE ADVENTURE BEGIN.**

- 3 available styles: largemouth bass (green), bluegill (blue), or rainbow trout (orange)
- Functional, quick detach spade and plier multi-tool for digging for bait, removing hooks, opening/closing reusable split shot weights, etc.
- 25-piece tackle assortment for rigging to fish largemouth bass, bluegill, and rainbow trout regardless of the species on the lid
- Educational pocket guide on how and where to fish for bass, panfish, and trout
- 7 internal storage compartments
- Proudly made in the U.S.A.

Rod Storage Systems

ROD BUNK BOX

For those looking for something simpler than a HD bank vault for your rods, the Bunk Box is designed to quickly and conveniently safeguard your gear for transportation or storage. The better option than the corner of your garage, the Bunk Box also serves as the perfect solution for those who like to keep a varied selection of rods protected in the trunk of their car for that sudden urge to fish.

ROD BUNK BOX 4455BB

- Perfect for storing the bass and panfish setup of two rods for each
- Designed to hold (2) 6'-6" rods along the sides and (2) 6' or smaller rods in the center
- (2) 40.5" and (2) 42.25" alleys
- "Bunk" design allows for the reels to remain suspended and attached to the rods
- Integrated oversized handle
- Ample storage room for additional gear
- 4 foam inserts
- Polycarbonate latches
- Ribbed interior with variable configuration options

Product size (Inside):
40" L x 9.5" W x 6" H

Packed: 2 per Carton
Carton Size: 44" x 14.25" x 13.25"
Carton Weight: 14.38 lbs.

BAIT BUTLER™

LIVE BAIT RETRIEVAL SYSTEM

BUILT TO FISH. BUILT TO LAST.™

THE REVOLUTIONARY NEW LIVE BAIT RETRIEVAL SYSTEM - THE BAIT BUTLER™ solves the #1 problem of fishing with live bait: fishing for bait in order to bait the hook to fish. Yes, it's a mouthful. And a hassle. It shouldn't be. **THE STRUGGLE STOPS HERE.**

**BAIT BUTLER™
6092BB**

**QUICKLY COLLECTS
AND BRINGS BAIT
OUT OF WATER**

PATENT #9,101,123 B2

WE'RE RESPONSIBLE FOR PASSING ALONG THE PASSION AND TRADITION TO THE NEXT GENERATION OF ANGLERS. Giving a kid the rush of his or her first flurry of excitement at the end of a line is a surefire way to create a powerful memory if not get them hooked right then and there. Live bait is often the ticket for quick success and re-baiting is going to be frequent when fishing with kids.

With the Bait Butler, you know have a convenient teaching aid that a kid can instantaneously use to be part of the process. It's the little things that count. As simple as fetching bait may be, the Bait Butler makes it something that is now fun in the eyes of the kid.

**EASILY
REFRESH
WATER
WITHOUT
LOSING
BAIT**

**LIGHT STICK ATTACHMENT
FOR NIGHT FISHING**

Retail size (in box):
13" L x 3.5" W x 14" D
Product size:
14.25" Dia. x 1.5" H

Packed: 6 per Carton
Carton Size: 22" x 16" x 14"
Carton Weight: 10.5 lbs.

STOP FISHING FOR BAIT. START FISHING SMARTER. LIVE BAIT RETRIEVAL MADE SIMPLE.

INTEGRATED LID SYSTEM FETCHES LIVE BAIT FOR EASY SELECTION

Visit flambeaoutdoors.com/videos to see the Bait Butler in action

1 Closed position keeps bait fresh and protected while fishing.

2 With a simple pull, the net collects bait and brings it to the surface while simultaneously opening the lid.

3 Basket rises above water level for easy selection—bump rod and the system resets, lowering bait back into the water and instantly closing the lid.

**INCLUDES:
PORTABLE
AERATOR ONE
6080FA**

- Runtime: 40 hours
- (2) D batteries (Not included)
- Air hose and stone

(Bucket not included)

WARNING: This product can expose you to chemicals including LEAD which is known to the State of California to cause cancer, and DEHP which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.
